REACH Declaration

Under the definition of the REACH regulations EC1907/2006, Vaishnavi Metal Products Private Ltd. is a producer of "Brass & Copper components". REACH requires article suppliers to inform recipients if an article contains a Substance of Very High Concern (SVHC) in excess of 0.1% by weight. Additional substances are regularly added to this list and published by the ECHA. The list can be found at:

http://echa.europa.eu/chem_data/authorisation_process/candidate_list_table_en.asp

Vaishnavi Metal Products Private Ltd. certifies that their products are compliant with the European Union Regulation (EC) 1907/2006 governing the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) and do not contain substances above 0.1% weight of a Substance of Very High Concern (SVHC) listed in Annex XIV as of July 8th, 2021.

We are committed to taking all necessary steps to ensure our products comply with the REACH requirements. Should you have any questions regarding the content of this letter or any REACH related issues, please do not hesitate to contact us.

Sincerely,

Mr. Sunil Patel
[QC Director]

Conflict Mineral Compliance Declaration

Conflict Minerals Compliance Statement

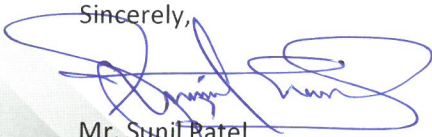

Section 1502 of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and the Securities and Exchange Commission Rules adopted in connection therewith, require certain corporations to report the use of "Conflict Minerals" in the manufacture of their products. Generally, Conflict Minerals collectively refers to cassiterite, columbite-tantalite, gold, wolframite, or their derivatives, including tantalum, tin and tungsten, which originate from the Democratic Republic of the Congo or specified adjoining countries (referred to herein as "Covered Countries").

While we, as a privately held corporation, are not subject to the Conflict Minerals rules and reporting requirements, we understand that our customers may be, and we are committed to helping our customers comply with their reporting requirements.

In order to determine if our manufactured products contain Conflict Minerals, we have conducted a survey of our key suppliers to ascertain their use of any Conflict Minerals in the materials they supply to us. The results of that survey demonstrate that our key suppliers (i) do not use Conflict Minerals in the materials they supply to us, (ii) have no reason to believe the Conflict Minerals they use may have originated in the Covered Countries, and/or (iii) reasonably believe that the Conflict Minerals they use are from recycled or scrap sources. Consequently, we can in turn represent that, to the best of our knowledge, our manufactured products either do not contain Conflict Minerals, or to the extent they may, such products are "DRC conflict free" as defined by paragraph (e)(4) of Section 1502.

We will continue to work with our key suppliers to ensure that we are able to identify the use of Conflict Minerals in our supply chain, and the representations made in this compliance statement remain accurate.

Sincerely,

Mr. Sunil Patel
[QC Director]
